

ANTONIO GIRBAU ORTEGA, Superior Industrial Engineer and Quality Manager of GUARDIAN GLASS ESPAÑA, S.A.

CERTIFIES

That all the automotive windshields sold by GUARDIAN GLASS ESPAÑA S.L and produced by GUARDIAN LLODIO UNO S.L. are homologated by the Spanish Ministry of Science and Technology according to the Regulation 43 ECE and we have the approval certificate for all of them with their approval number.

The automotive replacement glass (spare parts), identified with the Guardian logo, are manufactured according to the same materials, specifications, standards and processes as Original Equipment used for vehicles. It means that the replacement glazing has the same quality than Original Equipment Parts.

Apart from that, the Company is in the posesión of the following Quality System Standards :

- ISO 9001 : 2000.
- Automotive Standard ISO/TS 16949 : 2002.

And to appear in where it is needed, and asked by I issue this certificate in Llodio (Spain) on
